Great! Thanks! I spoke with both NDEQ and IA AG. Left messages at IDNR.

I called Yolanda and she gave me the go ahead to call the IA AG.

I think we are all covered. I will share the indictment with them tomorrow.

Thanks, Kelley

Kelley,

I am being charged by the Federal EPA and have to turn myself in tomorrow so I have not had time to update the financial info. It hasn't changed but we are doing over 1 million in bids and I should be seeing some income by November and I am hoping to start moving material before years end. Please call me today if you can and if not I will be turning myself in tomorrow and hopefully can call you later in the week.

Mr. Rochester,

The EPA has evaluated the ability to pay paperwork and are willing to grant a one month extension from when the last disposal was due. If you are not able to properly dispose of one load, as agreed to under the CAFO, by Monday, September 24 you must submit updated ability to pay paperwork by 4:00PM on Monday, September 24.

EPA is exploring all options to make sure the work is performed, including but not limited to, referral of this matter to the Department of Justice for enforcement.

Thank you, Kelley

Kelley,

I was not making enough money at the agency to cover my bills and get glass moving so I started my own company this month. I am a independent sales rep for 3 company's and I get commission and residual income for 1 year on every client brought in. Overall after a month or 2 I should have extra income coming in to start the clean up process. The companies I am selling for are Big Frig out of North Sioux City, SD - 966 Industries out of Milford, IA and Rock Solid out of Sioux City, IA. Attached is my new sheet, please call me with any questions.
